

7th October 2025

Dear Parents and Carers

Year 6 Parents' Information - SATs

As you are aware, this is an important academic year for children in Year 6. Throughout the country, all children will be taking the national Standardised Assessment Tests (SATs) during the week beginning 11th May 2026.

We are holding a parents' information session on **Wednesday 22nd October at 5pm**. An introduction from myself will be followed by contributions from the English and Maths departments, who will talk about the tests. There will also be important information to take away with you including practical guidance about how you can help your child.

Please confirm your attendance by completing the Google form [here](#).

In addition to the information evening and to provide the children with the best chance of success, we have put into place a number of strategies to support and reassure them, including:

- Small group intervention work
- Revision guides and useful websites
- Weekly Maths and English homework (including spelling practice)
- Online resources - *SATs Companion*, *Dr. Frost*, *Timestable Rockstars*

We hope that you will encourage your child to take advantage of what is on offer, should a teacher recommend that they attend one of the extra sessions.

Yours sincerely

Mr J Hughes
Headteacher
