

School-Age Childcare Parent Survey

Central Bedfordshire Council want to hear from families across the area to better understand the childcare needs of parents and carers with school-aged children. Your feedback will help us identify what is working well, where there may be gaps in provision, and what changes may be needed to improve access. This information will support us to plan and develop local childcare services and help ensure there is enough childcare available to meet the needs of children and their families.

Please complete one survey for each of your school-aged children to enable us to gather an accurate picture of childcare needs across the area using the following link: [School-Age Childcare Parent Survey](#)

Please submit your response by **14th August 2026**.

If you have any questions, contact leanne.carter@centralbedfordshire.gov.uk.

Kind regards,
Leanne Carter
