

Y6 Geography
Week beginning 6th July 2020

LO: To investigate the geography of Europe

Task: You have been asked to create a set of quiz questions and answers about the continent of Europe.

1. Complete the European countries mapping exercise.
2. Write **10 geographical questions** about the continent of Europe. Make sure these are about either the *physical, human or environmental* aspects of the continent.
For example; largest country, number of countries in Europe, country with the largest population, country with the longest coastline, the different religions and the percentage of people who follow each religion, city with the cleanest air (least pollution) etc. You might want to ask about the seas or oceans surrounding certain countries or areas such as the Mediterranean.
3. Use the Internet or an atlas to answer your questions.
4. *Create your question cards*. These can be made of paper, card or you can use IT to create a PowerPoint or quiz game. Your answers could be multiple choice or in a right or wrong style.
5. Practice on your friends and family!
