

Year 7 Music-wb 13th July 2020

My Lockdown music.

I would like you to write a paragraph describing your musical experiences during lock down.

By this I mean if there are particular songs that you have listened to, perhaps you have played games which feature music from a particular genre, music associated with films or maybe the favourite bands of other members of your household!

I would like you to have this ready for your lessons next year.

Happy listening!
